But when you need to make sure you can't miss your alarm bell, install a Sonic bomb by your bed. This beefed-up alarm clock has a buzzer buzzer maxing out at 113 decibels, which is roughly equivalent to having a rock concert in your bedroom. The roar of the siren is accompanied by Bed Shaker, a vibrating attachment that connects to the clock and nests under the bed to greatly shake you awake. The adjustable volume on the dual alarm allows you to find the right volume for your needs, and vibration-only option allows you to keep the rest of the house in Dreamland while you start your day. For people who love: gifts for geeks gifts for her gifts for him and specs an extremely loud alarm clock with vibration attachments of up to 113 decibels! Buzzer Alarm has an adjustable volume, tone and duration of pulsating red lights alert Double alarm settings Set only vibration, buzzer sound only, or as a snooze function with adjustable duration Displays 12 12 The 24-hour Time Display format has five brightness test mode options making it easy to find the right setting for you powered by a DC adapter (included) or a 9V battery (not included) approximately. Watch sizes: 6 x 5 1/2 x 3 (15.2 cm x 14 cm x 7.6 cm) If you're deep asleep - or just a reluctant wacker -Sonic Bomb Alarm Clock - this is the best way to make sure you get up and get back on your feet in a hurry. This extreme wake-up signal drops a payload of noise that will leave you no doubt alert (and perhaps shell shocked). With an audible alarm as loud as a live rock band and a Bed Shaker attachment as a subwoofer, you can easily be knowing that there is no way you will miss a morning meeting or early class. You're not sleeping!?! Triple Threat!f the usual alarm clock gently accompanies you in the morning, Sonic Bomb Alarm Clock forcibly gives you out of the country vulture dreamland. The three-headed attack change starts with red LEDs that flash with the intensity of a 2am ambulance going past your home. This visual push is accompanied by a deafening detonation of the buzzer alarm, which is turned on in a piercing 113 decibels. As if that wasn't enough, the Sonic Bomb also shakes you from sleep. Put a vibrating block under a mattress or pillow and it will shock you to sleep when it's time to climb and shine. Features a 113 dB buzzer, vibrating bed attachments, and intense red lights! Customized chaos!f some days you don't want to feel like you've woken up in a war zone, Sonic Bomb adapts to your liking. Use the watch test mode to find the right volume, tone and duration of sound alarm to fit your morning routine. Fans of the snooze button (aka should I? button) will enjoy the opportunity to adjust the length of their extra sleep to 30 minutes. Once you're on them, you'll appreciate the watch's five brightness settings, 12- or 24-hour display mode, and battery backup capabilities. Adjustable snooze duration, volume, tone and brightness, and battery backup! Frequently asked questions: How does part of the vibration work? Is this going to break anything? Answer: The Sonic Bomb vibrating attachment can be placed either under the mattress or under the pillow. It's not strong enough to shake the whole bed, but it will make you sleep. The question is: Will it bother everyone in my home/dorm/space station? Answer: Depending on the thickness of your walls, the Sonic Bomb can definitely bother your neighbors. You can adjust the volume to find something that won't carry through the walls or only use the vibration function to make sure no one is bothered. The question is: Can I play music with him? Answer: Sonic Bomb can play your favorite song, but only if your favorite song is a loud beep. It has no musical capabilities. ©2020 Walmart Stores, Inc.
